## WORK EXPERIENCE

**Jun 2019 – Financial controller**  
**Current DealDash Oyj**  
***(Online auction platform dealdash.com in the US)***

- Experiences
- Daily accounting operations:
    - Managed daily accounting operations including account payables and receivables using Xero (US) and Netvisor (Finland) software.
    - Implemented sales invoicing functions in Xero/ Netvisor and utilized control accounts for managing account receivables.
  - Bank accounts and credit cards reconciliation:
    - Reconciled bank accounts and credit cards using Xero, Netvisor and Bezala software.
    - Introduced Hubdoc (an integrated tool with Xero) to automate US credit cards reconciliations, replacing manual receipt collection and storage via email.
  - Monthly reporting tasks:
    - Handled monthly tasks such as inventory accounting, cost accounting, accruals, and deferrals.
    - Improving and modifying the inventory accounting process to ensure accurate cost tracking (FIFO) and reflect all warehouse movements in the financial report.
    - Provided monthly analysis reporting and reconciliation for inventory, the largest asset on the balance sheet.
  - Financial reporting process:
    - Planned and supervised the monthly financial reporting process for the finance team to ensure timely reporting.
    - Reviewed and consolidated subsidiaries' financial statements, calculated intercompany bookings, reviewed monthly OPEX report and prepared group financial statements.
  - Cash flow forecasting: Produced short-term cash flow forecast and introduced a new, more efficient format to improve short-term forecasts.
  - Tax compliance:

- Coordinated with tax agencies to ensure corporate income tax compliance in US and Finland.
- Compiled various regulatory reports such as franchise annual reports for states (US).
- Setting up sales tax and corporate tax account in Canada.
- Technical skills: learn to utilize PowerQuery, SQL, Python to query data from data warehouse for monthly reports.

**Oct 2016 –  
Jun 2017**

**Customer Relationship Specialist**  
**Saigon Thuong Tin Commercial Joint Stock Bank (Sacombank – Vietnam),  
Corp & FDI Banking Department**  
*(One of leading retail banks in Vietnam, with broad network in Vietnam, Laos, Cambodia)*

Experiences

- Provided financial services for Foreign Direct Investment (FDI) companies, focusing on acquiring new clients and maintaining relationships with existing customers, predominantly Japanese companies.
- Collaborated with branches and transaction offices to address various challenges and customer requests effectively, ensuring high satisfaction and resolution of issues.
- Reporting: Compiled and analyzed monthly sales reports to track performance and support manager in strategic decision-making.
